

# FIRE HOSE REEL

**HRS061-MS-722-RD**

**HRS038-MS-722-FS**

**HRS056-MS-722-RD**

**HRS035-GI-019-RD**

## FEATURES

- Side plates red epoxy powder finishing
- Automatic hose reel has integrated automatic stop valve which will open after 2 revolution of the reel
- Threaded Inlet connection
- Outlet connection for hose can be rotated for left and right direction
- Waterways made from non ferrous metals which ensure corrosion free\*
- Maximum working pressure 12bar, test pressure 18bar (EN671-1)
- Maximum working pressure 10bar, test pressure 17bar (AS1221)
- Side plates available in stainless steel

SRI fire hose reels are tested and approved to European Standard EN671-1 by British Standards Institution and to Australian Standards AS1221 by QAS Australia.

Code No.	Drum Size	Hose Diameter x Length	Depth of Hose Reel	Type
<b>SIRIM, SETSCO approved BS EN671-1*</b>				
<b>HRS038-SS-022-RD</b>	22"(559mm)	25mm x 30m	350mm	Swing Manual
